How to Create and Share a DigiKey Parts List

Introduction

This guide walks you through creating, populating, and sharing a parts list using DigiKey's *My Lists* feature. By following these steps, you will be able to organize components and submit a shareable list.

Step 1: Create a DigiKey Account

- Create a DigiKey account if you do not already have one.
- Log in to your account.
- Navigate to: `https://www.digikey.com/en/mylists/`

Step 2: Create a New List

- Click **Create an Empty List**.
- Name your list using the format:

First Name Last Initial. CD26

- Example: *Johnny S. CD26*
- Set the list access to **Public**.
- Scroll down and click **Continue**.

Step 3: Verify Your List

- You should now see your list dashboard.
- Confirm that the name and visibility settings are correct.

Step 4: Find and Copy Components

- Navigate to the DigiKey product page for your component.
- Copy the **part number** or **component name**.

Step 5: Add Components to Your List

- Locate the **Add Part Number** field in your list.

- Paste the copied part number.
- Press **Enter** and select the correct component.

Step 6: Adjust Quantities

- Click the **Add Quantity** button.
- Enter the desired quantity for each component.
- Repeat Steps 4–6 for all components.

Tip: Double-check quantities before submitting your list to avoid ordering issues.
